

HP Certification Status Report

Company Name:

COMPUTER SUPPORT HOUSE

Company address:

P.O. Box 54133 Zazoog Building Madinah Road
21514 Jeddah

Legend:

* Number of credentials gives the total number of credentials with status 'certified' and 'suspended' for your particular company location

* Please note that individuals can view their Annual Points status in the monthly Certified Professional e-news newsletter. To learn more about Continuous Learning requirements and program rules please visit http://www.hp.com/certification/emea/members_continuous_learn.html. To access the Continuous Learning menus directly please go to http://www.hp.com/certification/continuous_learning.html

* 'Certified' means that the credential awarded is fully compliant with the Annual (recertification) Point Requirements

* 'Suspended' means that the credential owner failed to complete the Annual (recertification) Point Requirements for the prior period

* For any questions about this report, please contact your local training and certification program office (contact details can be found on www.hp.com/certification/emea under 'contact your local team')
